INSTRUCTION

- The main profiles have 60 mm width.
- Because of the elastic grey and black seal which does not leave any stain on profiles will be provided maximum air, water, dust and sound isolation.
- Due to the 4 chambers profiles, it has maximum performance for thermal, sound and water isolation.
- Excluding normal sash profile there is also chance to have a choice for offset type sash profile.
- In addition to white profile a different laminated color range is available.
- 4-6 mm single glazing application of 20, 24, 30, 32 mm glazing beads give us alternatives of using double, triple glazing and panels.
